

2025 Utah First Credit Union Board of Directors Candidate Statements

Brad Boyle

For the past 15 years, I've had the privilege of serving our members as a Director on the Utah First Credit Union Board of Directors. In that time, I've helped lead Utah First through both the Great Recession and the recent Global Pandemic, ensuring we not only remained resilient but also continued to grow stronger. It has been a pleasure working alongside dedicated board members and a committed executive team to make Utah First one of the most successful credit unions in the country.

Most of my career, I have been an entrepreneur and have built multiple companies that have expanded around the world.

With advanced Finance and Marketing MBAs from the University of California, Berkeley, and Columbia University, my education complements my experience. I am confident that my background is a continued asset, enabling me to serve Utah First members effectively and advocate for their interests on the board.

As an entrepreneur, I have built multiple companies with a global reach, expanding operations to over 100 countries. This experience in growth and innovation gives me a unique perspective that I am eager to apply to Utah First as we move into the future.

David Hendricks

I am proud to have been a member of Utah First Credit Union for more than 20 years, and I have enjoyed serving on the Board of Directors for the past 15 years. I was born, raised, and currently reside in Bountiful with my wife and five daughters. I have a Bachelor's degree in Accounting and an MBA, along with many years of experience in business management, finance, and accounting. I feel that this experience helps me to better understand the Credit Union's financial statements and financial position while also being able to recognize potential opportunities and mitigation of threats.

I believe in being ethical and always doing what is right, regardless of the consequences that follow. I seek your support in re-election and would love the opportunity to serve and give back to this great organization by helping them to be significant in the lives of their valued members.

Alex Leeman

I am honored to be nominated for another term as a member of the Board of Directors of Utah First Federal Credit Union. Having served six years on the Supervisory Committee and six years on the Board of Directors, I am proud of my commitment to the Credit Union and pleased to have the opportunity to continue contributing to its success and seeking ways for the Credit Union to have a meaningful and positive impact on the communities we serve..

I believe I am an asset to the Board of Directors. My ability to critically analyze matters and understand and apply governing laws and policies make me a valuable member of our governing team.

My prior service and experience gives me insight into the risks and challenges facing the credit union, as well as opportunities for growth and development. If elected to continue my service on the Board, I will continue to focus on ensuring that Utah First remains a significant, enabling force in the lives of our members.
